THE bill making eight hours a day's labor in Nebraska for all except farm laborars and domestic help, passed both houses and awaits the signature of the governor to make it a law. The bill provides that any empolyer or corporation working their employes over the time especified shall pay as extra compensation double the amount per hour as paid for previous hour. Any violation of the law shall be deemed a misdemeanor punishable by a fine not less than five hundred nor more than one thousand dollars. With corporations and large firms the law will result in the hiring of additional employes and a diminunition in the earning of each individual employed.
